At this time there is not an updated version of prevention goals. It is anticipated these target populations will continue in SFY2010.
57	Cost Proposal	Can we submit a CFS-approved case rate and projected number of cases instead of an itemized budget?	You may propose a case rate that you calculate and an itemized budget and estimates for the number of cases. However, the grant award will have an amount that cannot be exceeded.
58	Grant Timeline	Due to current budgetary and transition issues, can CFS extend the submission date for this proposal?	No. This timeline was necessary for the grant progress and program implementation dates.
59	Cover Page, Section F "Type Of Application"	Please define a 'revision' application. Would this be an expansion/enhancement of a previously funded project under this initiative?	The cover page is a template used for all grant applications for SRS and not specific to this particular grant. This is a new process for Community Based Services. All applications should be submitted as "NEW".

The populations are identified and managed by each region.
79	II Background/Philosophy of Children & Family Services, E. Population Served, page 6	In the embedded document entitled "Prevention Projects", there were specific stated goals within each region, but the goals were primarily referenced in connection to a county.
