

Center for Combatting Human Trafficking Training

Two half-days of training on the LOTUS Model™ with the Center for Combatting Human Trafficking, designed for community leaders and service providers

Day one:

- Increasing understanding of the definition and scope of human trafficking
- Survivor risk and resilience factors
- Understanding trafficking through a victim centered lens
- A trauma-informed response to the needs of a child victim
- Introducing tools for victim centered case planning

Day two:

- Implementing the LOTUS Model™ at a local level
- Operating principles for developing local protocols
