Immediate Safety

Immediate Safety Scaling Question: On a scale of 0–10 where 10 is, while there might be some worries for this family, you’re confident the kids will be safe enough staying where they are while the assessment is completed and 0 is things are so bad for these children that you worry they are likely to be seriously hurt if they stay in their current situation even for tonight, where would you rate it?

Immediate Safety Ratings:

Date:

| Name | Role | Rating |
|------|------|--------|
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |

Reasons for Ratings: *What are the immediate threats? What is keeping the children safe tonight and over the next few weeks?*

-

TDM Referral.

- Yes; confirm with supervisor*
- Maybe; consult with supervisor*
- No*

Lasting Safety

Lasting Safety Scaling Question: On a scale of 0–10, where 10 is the worries for this family are no more serious than for a typical family in our community and you’re confident the kids will grow up safe and well enough in their current situation without CPS involvement and 0 is things are so bad for these children that you worry they are likely to be hurt or suffer lasting/serious negative effects if something doesn’t change, where would you rate it?
