

**Questions and Answers Regarding the Request for Proposals (RFP)
Center(s) for Independent Living**

Question: Regarding Attachment B: the Excel format only has one worksheet; however the PDF format has 10 worksheets. Which one is correct?

Answer: Either the PDF or Excel version of Attachment B may be used to understand the budgetary information that Rehabilitation Services and the Kansas Department for Children and Families (DCF) are requesting with this RFP as the content is the same. The Excel document contains ten sheets/tabs. The tabs are located at the bottom of the Excel document and are used to select individual pages/worksheets. The PDF is offered as an alternative format and is a “read only” document. The PDF is formatted to display one sheet (tab) of the Excel workbook on each page.

The budget must be submitted in the Excel format. For further questions or clarifications about the Excel budget document, please contact:
Brie Wilkins, DCF Procurement, at Brie.Wilkins@dcf.ks.gov
