Services and Achievements page

a. Section A services requested and received

i. Advocacy and Legal Services

1. Enter the number of advocacy and legal services requested in the first quarter
2. Enter the number of advocacy and legal services received in the first quarter
3. Enter the number of advocacy and Legal services requested in the second quarter
4. Enter the number of advocacy and legal services received in the second quarter
5. Enter the number of advocacy and Legal Services requested in the third quarter
6. Enter the number of advocacy and legal services received in the third quarter
7. Enter the number of advocacy and legal services requested in the fourth quarter
8. Enter the number of advocacy and legal services received in the fourth quarter
9. The number of advocacy and legal services requested year to date will self-populate
10. The number of advocacy and legal services received year to date will self-populate

ii. Assistive Technology

1. Enter the number of assistive technology services requested in the first quarter
2. Enter the number of assistive technology services received in the first quarter
3. Enter the number of assistive technology services requested in the second quarter
4. Enter the number of assistive technology services received in the second quarter
5. Enter the number of assistive technology Services requested in the third quarter
6. Enter the number of assistive technology services received in the third quarter
7. Enter the number of assistive technology services requested in the fourth quarter
8. Enter the number of assistive technology services received in the fourth quarter
9. The number of assistive technology services requested year to date will self-populate
10. The number of assistive technology services received year to date will self-populate

iii. Children's Services

1. Enter the number of children's services requested in the first quarter
2. Enter the number of children's services received in the first quarter
3. Enter the number of children's services requested in the second quarter
4. Enter the number of children's services received in the second quarter
5. Enter the number of children's Services requested in the third quarter
6. Enter the number of children's services received in the third quarter
7. Enter the number of children's services requested in the fourth quarter
8. Enter the number of children's services received in the fourth quarter
9. The number of children's services requested year to date will self-populate
10. The number of children's services received year to date will self-populate

iv. Communication Services

1. Enter the number of communication services requested in the first quarter
2. Enter the number of communication services received in the first quarter
3. Enter the number of communication services requested in the second quarter
4. Enter the number of communication services received in the second quarter
5. Enter the number of communication Services requested in the third quarter
6. Enter the number of communication services received in the third quarter

7. Enter the number of communication services requested in the fourth quarter
  8. Enter the number of communication services received in the fourth quarter
  9. The number of communication services requested year to date will self-populate
  10. The number of communication services received year to date will self-populate
- v. Counseling and related services
1. Enter the number of counseling and related services requested in the first quarter
  2. Enter the number of counseling and related services received in the first quarter
  3. Enter the number of counseling and related services requested in the second quarter
  4. Enter the number of counseling and related services received in the second quarter
  5. Enter the number of counseling and related Services requested in the third quarter
  6. Enter the number of counseling and related services received in the third quarter
  7. Enter the number of counseling and related services requested in the fourth quarter
  8. Enter the number of counseling and related services received in the fourth quarter
  9. The number of counseling and related services requested year to date will self-populate
  10. The number of counseling and related services received year to date will self-populate
- vi. Family services
1. Enter the number of family services requested in the first quarter
  2. Enter the number of family services received in the first quarter
  3. Enter the number of family services requested in the second quarter
  4. Enter the number of family services received in the second quarter
  5. Enter the number of family Services requested in the third quarter
  6. Enter the number of family services received in the third quarter
  7. Enter the number of family services requested in the fourth quarter
  8. Enter the number of family services received in the fourth quarter
  9. The number of family services requested year to date will self-populate
  10. The number of family services received year to date will self-populate
- vii. Housing, home modification and shelter services
1. Enter the number of housing, home modification and shelter services requested in the first quarter
  2. Enter the number of housing, home modification and shelter services received in the first quarter
  3. Enter the number of housing, home modification and shelter services requested in the second quarter
  4. Enter the number of housing, home modification and shelter services received in the second quarter
  5. Enter the number of housing, home modification and shelter Services requested in the third quarter
  6. Enter the number of housing, home modification and shelter services received in the third quarter
  7. Enter the number of housing, home modification and shelter services requested in the fourth quarter
  8. Enter the number of housing, home modification and shelter services received in the fourth quarter

9. The number of housing, home modification and shelter services requested year to date will self-populate
  10. The number of housing, home modification and shelter services received year to date will self-populate
- viii. IL skills training and life skills training services
1. Enter the number of IL skills training and life skills training services requested in the first quarter
  2. Enter the number of IL skills training and life skills training services received in the first quarter
  3. Enter the number of IL skills training and life skills training services requested in the second quarter
  4. Enter the number of IL skills training and life skills training services received in the second quarter
  5. Enter the number of IL skills training and life skills training services requested in the third quarter
  6. Enter the number of IL skills training and life skills training services received in the third quarter
  7. Enter the number of IL skills training and life skills training services requested in the fourth quarter
  8. Enter the number of IL skills training and life skills training services received in the fourth quarter
  9. The number of IL skills training and life skills training services requested year to date will self-populate
  10. The number of IL skills training and life skills training services received year to date will self-populate
- ix. Information and referral services
1. Enter the number of information and referral services requested in the first quarter
  2. Enter the number of information and referral services received in the first quarter
  3. Enter the number of information and referral services requested in the second quarter
  4. Enter the number of information and referral services received in the second quarter
  5. Enter the number of information and referral services requested in the third quarter
  6. Enter the number of information and referral services received in the third quarter
  7. Enter the number of information and referral services requested in the fourth quarter
  8. Enter the number of information and referral services received in the fourth quarter
  9. The number of information and referral services requested year to date will self-populate
  10. The number of information and referral services received year to date will self-populate
- x. Mental restoration services
1. Enter the number of mental restoration services requested in the first quarter

2. Enter the number of mental restoration services received in the first quarter
  3. Enter the number of mental restoration services requested in the second quarter
  4. Enter the number of mental restoration services received in the second quarter
  5. Enter the number of mental restoration services requested in the third quarter
  6. Enter the number of mental restoration services received in the third quarter
  7. Enter the number of mental restoration services requested in the fourth quarter
  8. Enter the number of mental restoration services received in the fourth quarter
  9. The number of mental restoration services requested year to date will self-populate
  10. The number of mental restoration services received year to date will self-populate
- xi. Mobility training services
1. Enter the number of mobility training services requested in the first quarter
  2. Enter the number of mobility training services received in the first quarter
  3. Enter the number of mobility training services requested in the second quarter
  4. Enter the number of mobility training services received in the second quarter
  5. Enter the number of mobility training services requested in the third quarter
  6. Enter the number of mobility training services received in the third quarter
  7. Enter the number of mobility training services requested in the fourth quarter
  8. Enter the number of mobility training services received in the fourth quarter
  9. The number of mobility training services requested year to date will self-populate
  10. The number of mobility training services received year to date will self-populate
- xii. Peer counseling services
1. Enter the number of peer counseling services requested in the first quarter
  2. Enter the number of peer counseling services received in the first quarter
  3. Enter the number of peer counseling services requested in the second quarter
  4. Enter the number of peer counseling services received in the second quarter
  5. Enter the number of peer counseling services requested in the third quarter
  6. Enter the number of peer counseling services received in the third quarter
  7. Enter the number of peer counseling services requested in the fourth quarter
  8. Enter the number of peer counseling services received in the fourth quarter
  9. The number of peer counseling services requested year to date will self-populate
  10. The number of peer counseling services received year to date will self-populate
- xiii. Personal assistance services
1. Enter the number of personal assistance services requested in the first quarter
  2. Enter the number of personal assistance services received in the first quarter
  3. Enter the number of personal assistance services requested in the second quarter
  4. Enter the number of personal assistance services received in the second quarter
  5. Enter the number of personal assistance services requested in the third quarter
  6. Enter the number of personal assistance services received in the third quarter
  7. Enter the number of personal assistance services requested in the fourth quarter
  8. Enter the number of personal assistance services received in the fourth quarter
  9. The number of personal assistance services requested year to date will self-populate
  10. The number of personal assistance services received year to date will self-populate
- xiv. Physical restoration services
1. Enter the number of physical restoration services requested in the first quarter

2. Enter the number of physical restoration services received in the first quarter
  3. Enter the number of physical restoration services requested in the second quarter
  4. Enter the number of physical restoration services received in the second quarter
  5. Enter the number of physical restoration Services requested in the third quarter
  6. Enter the number of physical restoration services received in the third quarter
  7. Enter the number of physical restoration services requested in the fourth quarter
  8. Enter the number of physical restoration services received in the fourth quarter
  9. The number of physical restoration services requested year to date will self-populate
  10. The number of physical restoration services received year to date will self-populate
- xv. Preventative services
1. Enter the number of preventative services requested in the first quarter
  2. Enter the number of preventative services received in the first quarter
  3. Enter the number of preventative services requested in the second quarter
  4. Enter the number of preventative services received in the second quarter
  5. Enter the number of preventative services requested in the third quarter
  6. Enter the number of preventative services received in the third quarter
  7. Enter the number of preventative services requested in the fourth quarter
  8. Enter the number of preventative services received in the fourth quarter
  9. The number of preventative services requested year to date will self-populate
  10. The number of preventative services received year to date will self-populate
- xvi. Prosthesis, orthotics and other appliances
1. Enter the number of prostheses, orthotics and other appliances services requested in the first quarter
  2. Enter the number of prostheses, orthotics and other appliances services received in the first quarter
  3. Enter the number of prostheses, orthotics and other appliances services requested in the second quarter
  4. Enter the number of prostheses, orthotics and other appliances services received in the second quarter
  5. Enter the number of prostheses, orthotics and other appliances services requested in the third quarter
  6. Enter the number of prostheses, orthotics and other appliances services received in the third quarter
  7. Enter the number of prostheses, orthotics and other appliances services requested in the fourth quarter
  8. Enter the number of prostheses, orthotics and other appliances services received in the fourth quarter
  9. The number of prostheses, orthotics and other appliances services requested year to date will self-populate
  10. The number of prostheses, orthotics and other appliances services received year to date will self-populate
- xvii. Recreational Services
1. Enter the number of recreational services requested in the first quarter
  2. Enter the number of recreational services received in the first quarter
  3. Enter the number of recreational services requested in the second quarter

4. Enter the number of recreational services received in the second quarter
5. Enter the number of recreational Services requested in the third quarter
6. Enter the number of recreational services received in the third quarter
7. Enter the number of recreational services requested in the fourth quarter
8. Enter the number of recreational services received in the fourth quarter
9. The number of recreational services requested year to date will self-populate
10. The number of recreational services received year to date will self-populate

xviii. Rehabilitation Technology Services

1. Enter the number of rehabilitation technology services requested in the first quarter
2. Enter the number of rehabilitation technology services received in the first quarter
3. Enter the number of rehabilitation technology services requested in the second quarter
4. Enter the number of rehabilitation technology services received in the second quarter
5. Enter the number of rehabilitation technology Services requested in the third quarter
6. Enter the number of rehabilitation technology services received in the third quarter
7. Enter the number of rehabilitation technology services requested in the fourth quarter
8. Enter the number of rehabilitation technology services received in the fourth quarter
9. The number of rehabilitation technology services requested year to date will self-populate
10. The number of rehabilitation technology services received year to date will self-populate

xix. Therapeutic treatment services

1. Enter the number of therapeutic treatment services requested in the first quarter
2. Enter the number of therapeutic treatment services received in the first quarter
3. Enter the number of therapeutic treatment services requested in the second quarter
4. Enter the number of therapeutic treatment services received in the second quarter
5. Enter the number of therapeutic treatment Services requested in the third quarter
6. Enter the number of therapeutic treatment services received in the third quarter
7. Enter the number of therapeutic treatment services requested in the fourth quarter
8. Enter the number of therapeutic treatment services received in the fourth quarter
9. The number of therapeutic treatment services requested year to date will self-populate
10. The number of therapeutic treatment services received year to date will self-populate

xx. Transportation Services

1. Enter the number of transportation services requested in the first quarter
2. Enter the number of transportation services received in the first quarter
3. Enter the number of transportation services requested in the second quarter
4. Enter the number of transportation services received in the second quarter
5. Enter the number of transportation Services requested in the third quarter
6. Enter the number of transportation services received in the third quarter
7. Enter the number of transportation services requested in the fourth quarter
8. Enter the number of transportation services received in the fourth quarter

9. The number of transportation services requested year to date will self-populate
  10. The number of transportation services received year to date will self-populate
- xxi. Youth/transition services
1. Enter the number of youth/transition services requested in the first quarter
  2. Enter the number of youth/transition services received in the first quarter
  3. Enter the number of youth/transition services requested in the second quarter
  4. Enter the number of youth/transition services received in the second quarter
  5. Enter the number of youth/transition Services requested in the third quarter
  6. Enter the number of youth/transition services received in the third quarter
  7. Enter the number of youth/transition services requested in the fourth quarter
  8. Enter the number of youth/transition services received in the fourth quarter
  9. The number of youth/transition services requested year to date will self-populate
  10. The number of youth/transition services received year to date will self-populate
- xxii. Vocational services
1. Enter the number of vocational services requested in the first quarter
  2. Enter the number of vocational services received in the first quarter
  3. Enter the number of vocational services requested in the second quarter
  4. Enter the number of vocational services received in the second quarter
  5. Enter the number of vocational Services requested in the third quarter
  6. Enter the number of vocational services received in the third quarter
  7. Enter the number of vocational services requested in the fourth quarter
  8. Enter the number of vocational services received in the fourth quarter
  9. The number of vocational services requested year to date will self-populate
  10. The number of vocational services received year to date will self-populate
- xxiii. Other services
1. Enter the number of other services requested in the first quarter
  2. Enter the number of other services received in the first quarter
  3. Enter the number of other services requested in the second quarter
  4. Enter the number of other services received in the second quarter
  5. Enter the number of other services requested in the third quarter
  6. Enter the number of other services received in the third quarter
  7. Enter the number of other services requested in the fourth quarter
  8. Enter the number of other services received in the fourth quarter
  9. The number of other services requested year to date will self-populate
  10. The number of other services received year to date will self-populate
- b. Section B Goal type, set, achieved and in progress
- i. Self-Advocacy/ Self-empowerment goals
    1. Enter the number of self-advocacy/self-empowerment goals set in the first quarter (include any carry forward goals)
    2. Enter the number of self-advocacy/self-empowerment goals achieved in the first quarter.
    3. Enter the number of self-advocacy/self-empowerment goals in progress in the first quarter
    4. Enter the number of self-advocacy/self-empowerment goals set in the second quarter

5. Enter the number of self-advocacy/self-empowerment goals achieved in the second quarter.
  6. Enter the number of self-advocacy/self-empowerment goals in progress in the second quarter
  7. Enter the number of self-advocacy/self-empowerment goals set in the third quarter
  8. Enter the number of self-advocacy/self-empowerment goals achieved in the third quarter.
  9. Enter the number of self-advocacy/self-empowerment goals in progress in the third quarter
  10. Enter the number of self-advocacy/self-empowerment goals set in the fourth quarter
  11. Enter the number of self-advocacy/self-empowerment goals achieved in the fourth quarter.
  12. Enter the number of self-advocacy/self-empowerment goals in progress in the fourth quarter
  13. The number of self-advocacy/self-empowerment goals set year to date will self-populate
  14. The number of self-advocacy/self-empowerment goals achieved year to date will self-populate
  15. The number of self-advocacy/self-empowerment goals in progress year to date will self-populate
- ii. Communication
1. Enter the number of communication goals set in the first quarter (include any carry forward goals)
  2. Enter the number of communication goals achieved in the first quarter.
  3. Enter the number of communication goals in progress in the first quarter
  4. Enter the number of communication goals set in the second quarter
  5. Enter the number of communication goals achieved in the second quarter.
  6. Enter the number of communication goals in progress in the second quarter
  7. Enter the number of communication goals set in the third quarter
  8. Enter the number of communication goals achieved in the third quarter.
  9. Enter the number of communication goals in progress in the third quarter
  10. Enter the number of communication goals set in the fourth quarter
  11. Enter the number of communication goals achieved in the fourth quarter.
  12. Enter the number of communication goals in progress in the fourth quarter
  13. The number of communication goals set year to date will self-populate
  14. The number of communication goals achieved year to date will self-populate
  15. The number of communication goals in progress year to date will self-populate
- iii. Mobility/Transportation
1. Enter the number of mobility/transportation goals set in the first quarter (include any carry forward goals)
  2. Enter the number of mobility/transportation goals achieved in the first quarter.
  3. Enter the number of mobility/transportation goals in progress in the first quarter
  4. Enter the number of mobility/transportation goals set in the second quarter
  5. Enter the number of mobility/transportation goals achieved in the second quarter.
  6. Enter the number of mobility/transportation goals in progress in the second quarter

7. Enter the number of mobility/transportation goals set in the third quarter
  8. Enter the number of mobility/transportation goals achieved in the third quarter.
  9. Enter the number of mobility/transportation goals in progress in the third quarter
  10. Enter the number of mobility/transportation goals set in the fourth quarter
  11. Enter the number of mobility/transportation goals achieved in the fourth quarter.
  12. Enter the number of mobility/transportation goals in progress in the fourth quarter
  13. The number of mobility/transportation goals set year to date will self-populate
  14. The number of mobility/transportation goals achieved year to date will self-populate
- The number of self-advocacy

iv. Community Based Living

1. Enter the number of community based living goals set in the first quarter (include any carry forward goals)
2. Enter the number of community based living goals achieved in the first quarter.
3. Enter the number of community based living goals in progress in the first quarter
4. Enter the number of community based living goals set in the second quarter
5. Enter the number of community based living goals achieved in the second quarter.
6. Enter the number of community based living goals in progress in the second quarter
7. Enter the number of community based living goals set in the third quarter
8. Enter the number of community based living goals achieved in the third quarter.
9. Enter the number of community based living goals in progress in the third quarter
10. Enter the number of community based living goals set in the fourth quarter
11. Enter the number of community based living goals achieved in the fourth quarter.
12. Enter the number of community based living goals in progress in the fourth quarter
13. The number of community based living goals set year to date will self-populate
14. The number of community based living goals achieved year to date will self-populate
15. The number of community based living goals in progress will self-populate.

v. Educational

1. Enter the number of educational goals set in the first quarter (include any carry forward goals)
2. Enter the number of educational goals achieved in the first quarter.
3. Enter the number of educational goals in progress in the first quarter
4. Enter the number of educational goals set in the second quarter
5. Enter the number of educational goals achieved in the second quarter.
6. Enter the number of educational goals in progress in the second quarter
7. Enter the number of educational goals set in the third quarter
8. Enter the number of educational goals achieved in the third quarter.
9. Enter the number of educational goals in progress in the third quarter
10. Enter the number of educational goals set in the fourth quarter
11. Enter the number of educational goals achieved in the fourth quarter.
12. Enter the number of educational goals in progress in the fourth quarter
13. The number of educational goals set year to date will self-populate
14. The number of educational goals achieved year to date will self-populate
15. The number of educational goals in progress will self-populate

vi. Vocational

1. Enter the number of vocational goals set in the first quarter (include any carry forward goals)
2. Enter the number of vocational goals achieved in the first quarter.
3. Enter the number of vocational goals in progress in the first quarter
4. Enter the number of vocational goals set in the second quarter
5. Enter the number of vocational goals achieved in the second quarter.
6. Enter the number of vocational goals in progress in the second quarter
7. Enter the number of vocational goals set in the third quarter
8. Enter the number of vocational goals achieved in the third quarter.
9. Enter the number of vocational goals in progress in the third quarter
10. Enter the number of vocational goals set in the fourth quarter
11. Enter the number of vocational goals achieved in the fourth quarter.
12. Enter the number of vocational goals in progress in the fourth quarter
13. The number of vocational goals set year to date will self-populate
14. The number of vocational goals achieved year to date will self-populate
15. The number of vocational goals in progress year to date will self-populate

vii. Self-care

1. Enter the number of self-care goals set in the first quarter (include any carry forward goals)
2. Enter the number of self-care goals achieved in the first quarter.
3. Enter the number of self-care goals in progress in the first quarter
4. Enter the number of self-care goals set in the second quarter
5. Enter the number of self-care goals achieved in the second quarter.
6. Enter the number of self-care goals in progress in the second quarter
7. Enter the number of self-care goals set in the third quarter
8. Enter the number of self-care goals achieved in the third quarter.
9. Enter the number of self-care goals in progress in the third quarter

10. Enter the number of self-care goals set in the fourth quarter
11. Enter the number of self-care goals achieved in the fourth quarter.
12. Enter the number of self-care goals in progress in the fourth quarter
13. The number of self-care goals set year to date will self-populate
14. The number of self-care goals achieved year to date will self-populate
15. The number of self-care goals in progress year to date will self-populate

viii. Information Access/Technology

1. Enter the number of information access/technology goals set in the first quarter (include any carry forward goals)
2. Enter the number of information access/technology goals achieved in the first quarter.
3. Enter the number of information access/technology goals in progress in the first quarter
4. Enter the number of information access/technology goals set in the second quarter
5. Enter the number of information access/technology goals achieved in the second quarter.
6. Enter the number of information access/technology goals in progress in the second quarter
7. Enter the number of information access/technology goals set in the third quarter
8. Enter the number of information access/technology goals achieved in the third quarter.
9. Enter the number of information access/technology goals in progress in the third quarter
10. Enter the number of information access/technology goals set in the fourth quarter
11. Enter the number of information access/technology goals achieved in the fourth quarter.
12. Enter the number of information access/technology goals in progress in the fourth quarter
13. The number of information access/technology goals set year to date will self-populate
14. The number of information access/technology goals achieved year to date will self-populate
15. The number of information access/technology goals in progress year to date will self-populate

ix. Personal resource management

1. Enter the number of personal resource management goals set in the first quarter (include any carry forward goals)
2. Enter the number of personal resource management goals achieved in the first quarter.
3. Enter the number of personal resource management goals in progress in the first quarter
4. Enter the number of personal resource management goals set in the second quarter
5. Enter the number of personal resource management goals achieved in the second quarter.
6. Enter the number of personal resource management goals in progress in the second quarter
7. Enter the number of personal resource management goals set in the third quarter
8. Enter the number of personal resource management goals achieved in the third quarter.

9. Enter the number of personal resource management goals in progress in the third quarter
  10. Enter the number of personal resource management goals set in the fourth quarter
  11. Enter the number of personal resource management goals achieved in the fourth quarter.
  12. Enter the number of personal resource management goals in progress in the fourth quarter
  13. The number of personal resource management goals set year to date will self-populate
  14. The number of personal resource management goals achieved year to date will self-populate
  15. The number of personal resource management goals in progress year to date will self-populate
- x. Relocation from a nursing home or institution to community based living
1. Enter the number of relocation from a nursing home or institution goals set in the first quarter (include any carry forward goals)
  2. Enter the number of relocation from a nursing home or institution goals achieved in the first quarter.
  3. Enter the number of relocation from a nursing home or institution goals in progress in the first quarter
  4. Enter the number of relocation from a nursing home or institution goals set in the second quarter
  5. Enter the number of relocation from a nursing home or institution goals achieved in the second quarter.
  6. Enter the number of relocation from a nursing home or institution goals in progress in the second quarter
  7. Enter the number of relocation from a nursing home or institution goals set in the third quarter
  8. Enter the number of relocation from a nursing home or institution goals achieved in the third quarter.
  9. Enter the number of relocation from a nursing home or institution goals in progress in the third quarter
  10. Enter the number of relocation from a nursing home or institution goals set in the fourth quarter
  11. Enter the number of relocation from a nursing home or institution goals achieved in the fourth quarter.
  12. Enter the number of relocation from a nursing home or institution goals in progress in the fourth quarter
  13. The number of relocation from a nursing home or institution goals set year to date will self-populate
  14. The number of relocation from a nursing home or institution goals achieved year to date will self-populate
  15. The number of relocation from a nursing home or institution goals in progress year to date will self-populate
- xi. Community/social participation

1. Enter the number of community/social participation goals set in the first quarter (include any carry forward goals)
2. Enter the number of community/social participation goals achieved in the first quarter.
3. Enter the number of community/social participation goals in progress in the first quarter
4. Enter the number of community/social participation goals set in the second quarter
5. Enter the number of community/social participation goals achieved in the second quarter.
6. Enter the number of community/social participation goals in progress in the second quarter
7. Enter the number of community/social participation goals set in the third quarter
8. Enter the number of community/social participation goals achieved in the third quarter.
9. Enter the number of community/social participation goals in progress in the third quarter
10. Enter the number of community/social participation goals set in the fourth quarter
11. Enter the number of community/social participation goals achieved in the fourth quarter.
12. Enter the number of community/social participation goals in progress in the fourth quarter
13. The number of community/social participation goals set year to date will self-populate
14. The number of community/social participation goals achieved year to date will self-populate
15. The number of community/social participation goals in progress year to date will self-populate

xii. Other

1. Enter the number of other goals set in the first quarter (include any carry forward goals)
2. Enter the number of other goals achieved in the first quarter.
3. Enter the number of other goals in progress in the first quarter
4. Enter the number of other goals set in the second quarter
5. Enter the number of other goals achieved in the second quarter.
6. Enter the number of other goals in progress in the second quarter
7. Enter the number of other goals set in the third quarter
8. Enter the number of other goals achieved in the third quarter.
9. Enter the number of other goals in progress in the third quarter
10. Enter the number of other goals set in the fourth quarter
11. Enter the number of other goals achieved in the fourth quarter.
12. Enter the number of other goals in progress in the fourth quarter
13. The number of other goals set year to date will self-populate
14. The number of other goals achieved year to date will self-populate
15. The number of other goals in progress year to date will self-populate

c. Item 2 Areas of Federal notice: consumers requiring access, achieving access, access in progress

i. Transportation

1. Enter the number of consumers requiring access to transportation in the first quarter (include carryover consumers)
2. Enter the number of consumers achieving access to transportation in the first quarter
3. Enter the number of consumers whose access to transportation is still in progress in the first quarter
4. Enter the number of consumers requiring access to transportation in the second quarter
5. Enter the number of consumers achieving access to transportation in the second quarter
6. Enter the number of consumers whose access to transportation is still in progress in the second quarter
7. Enter the number of consumers requiring access to transportation in the third quarter
8. Enter the number of consumers achieving access to transportation in the third quarter
9. Enter the number of consumers whose access to transportation is still in progress in the third quarter
10. Enter the number of consumers requiring access to transportation in the fourth quarter
11. Enter the number of consumers achieving access to transportation in the fourth quarter
12. Enter the number of consumers whose access to transportation is still in progress in the fourth quarter
13. The number of consumers requiring access to transportation year to date will self-populate
14. The number of consumers achieving access to transportation year to date will self-populate
15. The number of consumers whose access to transportation is still in progress year to date will self-populate

ii. Health Care

1. Enter the number of consumers requiring access to health care in the first quarter (include carryover consumers)
2. Enter the number of consumers achieving access to health care in the first quarter
3. Enter the number of consumers whose access to health care is still in progress in the first quarter
4. Enter the number of consumers requiring access to health care in the second quarter
5. Enter the number of consumers achieving access to health care in the second quarter
6. Enter the number of consumers whose access to health care is still in progress in the second quarter
7. Enter the number of consumers requiring access to health care in the third quarter
8. Enter the number of consumers achieving access to health care in the third quarter
9. Enter the number of consumers whose access to health care is still in progress in the third quarter

10. Enter the number of consumers requiring access to health care in the fourth quarter
11. Enter the number of consumers achieving access to health care in the fourth quarter
12. Enter the number of consumers whose access to health care is still in progress in the fourth quarter
13. The number of consumers requiring access to health care year to date will self-populate
14. The number of consumers achieving access to health care year to date will self-populate
15. The number of consumers whose access to health care is still in progress year to date will self-populate

iii. Assistive technology

1. Enter the number of consumers requiring access to assistive technology in the first quarter (include carryover consumers)
2. Enter the number of consumers achieving access to assistive technology in the first quarter
3. Enter the number of consumers whose access to assistive technology is still in progress in the first quarter
4. Enter the number of consumers requiring access to assistive technology in the second quarter
5. Enter the number of consumers achieving access to assistive technology in the second quarter
6. Enter the number of consumers whose access to assistive technology is still in progress in the second quarter
7. Enter the number of consumers requiring access to assistive technology in the third quarter
8. Enter the number of consumers achieving access to assistive technology in the third quarter
9. Enter the number of consumers whose access to assistive technology is still in progress in the third quarter
10. Enter the number of consumers requiring access to assistive technology in the fourth quarter
11. Enter the number of consumers achieving access to assistive technology in the fourth quarter
12. Enter the number of consumers whose access to assistive technology is still in progress in the fourth quarter
13. The number of consumers requiring access to assistive technology year to date will self-populate
14. The number of consumers achieving access to assistive technology year to date will self-populate
15. The number of consumers whose access to assistive technology is still in progress year to date will self-populate
