KANSAS PROMISE ACT SCHOLARSHIP

YOUR PATHWAY TO A CAREER IN SOCIAL WORK — AT NO COST TO THE STUDENT

OVERVIEW:

Through the Kansas Promise Act Scholarship you can complete your pre-social work associate degree at no cost to you — then continue your education while working in the field you love.

WHAT IS THE KANSAS PROMISE ACT SCHOLARSHIP?

The Kansas Promise Act helps students earn high-demand, high-need degrees and certificates, including programs that lead to careers in social work, mental health and family services.

It's a "last dollar" scholarship, which means it covers tuition, books and fees after all other scholarships and grants — up to $20,000 total or 68 credit hours.

WHY FUTURE SOCIAL WORKERS SHOULD APPLY

If you're passionate about helping children, families and communities thrive, this scholarship can:

- Eliminate the cost of your first two years of study.
- Connect you with agencies offering employment while you finish your bachelor's degree.
- Support your future in Kansas — recipients agree to live and work in Kansas for at least two years after graduation.

Imagine earning your social work prerequisites tuition-free, working in the field you love and graduating with experience and minimal debt.
