

FFATA - FIVE MOST HIGHLY COMPENSATED EXECUTIVES

The Federal Funding Accountability and Transparency Act (FFATA) was signed on September 26, 2006. The FFATA legislation requires information on federal awards (*federal financial assistance and expenditures*) be made available to the public via a single, searchable website. Federal awards include grants, sub-grants, loans, awards, cooperative agreements, and other forms of financial assistance as well as contracts, sub-contracts, purchase orders, task orders, and delivery orders. The legislation does not require inclusion of individual transactions below \$25,000 or credit card transactions before October 1, 2008. **To comply with this legislation, the Kansas Department for Children and Families (DCF) must report sub-recipient information on grantees and contractors.**
