## **FRC RFP Q&A**

**Q1: Please clarify the effective dates of the FRC contract/s. Page four and page seven list different start dates.**

A1: The start date is 7/1/27. The seventh page was different in error. The RFP should be corrected now on the website.

**Q2: Please clarify when awards are anticipated to be announced for budget planning purposes.**

A2: There is no date set for announcement. Announcements will be made as soon as possible after awards are approved and accepted.

**Q3: Please clarify, the award \*maximum is listed as \$125,000 annually. Is that per site, or per agency. For clarity, if awarded contracts for four FRC sites would the total \*maximum be \$500,000.**

A3: Site maximum is \$125,000 annually; however, an agency is not required to request the same amount per site and should be based on project need.

**Q4: You ask for this information on the checklist - Policy and procedure manuals. Is this Financial Policies and Procedures or Programmatic? Or both?**

A4: Both are welcome to be included but of primary concern for the risk assessment are financial policies and procedures.

**Q5: You ask for the Financial Management System records, are those actual Financial Management Policies or statements? Or which documents in particular? P&L, Financial Standing, Audit?**

A5: Pages 14 and 15 of the RFP include the Subrecipient checklist to accompany the risk assessment and it provides specific examples of what is requested, if they are applicable. Section 6 of the risk assessment itself has a mirrored checklist included.

**Q6: Can a single organization apply for funding in more than one region? If so, is a separate RFP submission with budget required for each region?**

A6: A single organization may apply for funding in more than one region by submitting a separate RFP and budget for each "site" or "region served."

**Q7: Please confirm that this funding is for FY28: July 1, 2027 – June 30, 2028**

A7: That is correct.

**Q8: If the FRC is school based does it serve the entire community, the entire school district or just the school where the FRC is located?**

A8: A school (or any other type of organization) may identify their target population to serve. This could be the entire community, entire school district, or an identified population within the school district. The awarded grantee may only utilize funds on the target population selected.
