Agency Overview and Budget Summary

Chairman Carpenter and members of the Subcommittee:

Today I will present an overview of DCF, focusing on our budget and providing an update to you on key priorities and issues within DCF.

We look forward to working with you on the DCF budget.

Mission

Protect Children

Strengthen Families

Promote Adult Self Sufficiency

Major Program Areas

- **Economic and Employment Services**
- **Prevention and Protection Services**
- **Rehabilitation Services**
- **Child Support Services**
- **Foster Care Licensing**

Economic and Employment Services

Economic and Employment Services (EES) provides a variety of programs that can help families achieve self-sufficiency. These include:

- cash assistance (Temporary Assistance for Needy Families)
- food assistance (Supplemental Nutrition Assistance Program)
- child care assistance
- employment assistance
- energy assistance

Kansas Benefits Card Support
1-800-831-5235

Prevention and Protection Services

Prevention and Protection Services helps families and vulnerable adults by providing:

- protection services (PRC and investigations)
- family-based assessments
- family support services
- family preservation
- Families First prevention services
- foster care
- adoption services
- independent living services for older youth

Kansas Protection Report Center

1-800-922-5330

Rehabilitation Services

Rehabilitation Services offers a variety of programs to meet the diverse needs of Kansans with disabilities, including:

- vocational services
- independent living
- services for older Kansans who are blind or visually impaired
- disability determination services on behalf of the Social Security Administration
- end dependence grants

Rehabilitation Customer Service Center
1-866-213-9079

Child Support Services

Child Support Services helps children receive the financial support necessary for their growth and development. The program assists by:

- establishing parentage and orders for child support
- locating non-custodial parents
- enforcing child support orders
- modifying support orders, as needed

Child Support Service Center
1-888-757-2445

Foster Care Licensing

Foster Care Licensing regulates and monitors licensed facilities for children to enhance children's health and safety while in out of home placement. It assists by:

- licensing and regulating foster homes and all other 24-hour-per-day, seven-days-per-week child care facilities
- regulating child placing agencies
- administering background checks and fingerprinting

Footnotes

1. SNAP benefits are not included in the agency's budget.
2. The SNAP Employment and Training Program increase represents the implementation of a new SNAP Work Program in late 2019.
3. Child care policies were revised to expand services to children in foster care and children in the SNAP Work Program.
In addition, the child care work requirement was lowered from 28 to 20 hours per week.
4. The Reintegration/Foster Care assistance increase in FY 2020 reflects the cost of the new foster care agreements.
5. Due to staffing levels, some claims are processed by other states.

Priorities & Issues

Families First Prevention Services Act

- Families First Prevention Services provide evidence-based programs designed to prevent the need for foster care.
 - This initiative was funded by the 2019 Legislature.
 - The Governor's Budget Recommendation includes an expansion.
 - The initial grants were effective October 2019.
 - Fourteen organizations across the state were awarded 18 grants.
 - An evaluation grant was issued to the University of Kansas Center for Research, Inc.

Priorities & Issues

Practice Models

- In 2019, four practice models were launched that will fundamentally change child welfare.
- The models encompass better outcomes, engagement, equity and inclusivity.
- The models include:
 - Family Finding
 - Team Decision Making
 - Signs of Safety
 - Structured Decision Making

Priorities & Issues

Work Programs

- Work programs are a priority in the Economic and Employment Support and Rehabilitation Services programs.
- The work programs include:
 - Temporary Assistance for Families work program – for adult TANF recipients
 - Generating Opportunities to Attain Lifelong Success (GOALS) – for adults in families receiving SNAP, but not TANF
 - Supplemental Nutrition Assistance Program Employment and Training – for adults who receive food assistance
 - Vocational Rehabilitation – for adults with disabilities
 - Pre-Employment Transition Services – empowers youth with disabilities to achieve their highest potential

Priorities & Issues

Child Care / Universal Infant Referral

- Policy changes were made in 2019 to expand access to child care assistance with the goal of sustaining employment or participating in employment programs:
 - Reduced minimum work hours from 28 to 20 per week
 - Expanded Child Care Assistance to include the children of GOALS participants
 - Expanded Child Care funds to foster children
- Implemented the Universal Infant Referral policy associated with child protective services cases.

Priorities & Issues

Class Action

- *Katharyn McIntyre at al. v. Laura Kelly* is a class action lawsuit alleging violations of federal law and constitutional violations.
- The allegations include:
 - Subjecting children in foster care to extreme housing disruption
 - Failing to provide children in custody with mandated mental health and behavioral health screening, diagnostic services, and treatment.
- Mediation began on November 12, 2019.
- Confidential settlement negotiations are in progress.

Priorities & Issues

Crossover Youth

- “Crossover youth” have interacted with both the juvenile justice system and the child welfare system.
- Workgroups have found a limited ability to identify and track these youth across the two systems.
- DCF is collaborating with the Department of Corrections to implement the Georgetown Crossover Youth Practice Model.
- DCF is committed to working across silos to ensure the needs of crossover youth are met, regardless of their point of entry or label.

Priorities & Issues

CareMatch

- “CareMatch” is the new Kansas placement matching system for children in foster care.
- CareMatch was launched October 1, 2019.
- The system allows Kansas to manage the appropriate placement of children within the network of foster care providers, when relatives or kinship placements are not available or appropriate.
- Workers can now perform searches in seconds to match a child’s characteristics with care providers who can meet their needs.

Priorities & Issues

Child Welfare System Task Force

- Three of the top five Child Welfare Task Force recommendations were funded and are being implemented:
 - Investing in the child welfare work force
 - Planning for a new information system
 - Implementing the Families First Prevention Services Act

- Tier 2 recommendations are also being implemented:
 - Relative search, with the implementation of Family Finding, which prevents children from coming into custody for non-abuse neglect
 - Referring infants encountered by DCF to services in their community
 - Information sharing on crossover youth with the Department of Corrections, the Kansas Bureau of Investigation, and the judicial branch.

Priorities & Issues

Human Trafficking

- The agency's efforts to combat sex and labor trafficking are led by Prevention and Protection Services staff.
- The agency collaborates closely with the Human Trafficking Advisory Board and other cabinet agencies to prevent, reduce, and respond to human trafficking.
- Youth who run from a foster placement are at a heightened risk of being trafficked.
- When a youth is recovered, their safety and well-being is assessed.

Priorities & Issues

Residential Treatment Facilities

- Psychiatric Residential Treatment Facilities (PRTF) provide out-of-home residential psychiatric treatment to youth whose needs cannot be effectively and safely met in a community setting.
- PRTF stays are extended and have waiting lists.
- The Families First Prevention Services Act now allows a separate classification of congregate care: Qualified Residential Treatment Program (QRTP).
- While PRTFs are in-patient psychiatric facilities, QRTPs are similar to group homes with advanced standards of care and enhanced levels of service.
- The agency expects up to 232 accredited QRTP beds.

Priorities & Issues

Legislative Priorities

The agency's legislative priorities involve:

- **Adult Protective Services**
 - Update the Adult Protective Services statutes

- **Support legislation to remove barriers to TANF, Food Assistance, and Child Care Assistance**
 - Lifting barriers will allow more Kansans to fully participate in employment and training services, and lead to self-sufficiency.

Priorities & Issues

Comprehensive Child Welfare Infor. System

- The new Child Welfare Information System will modernize state child welfare systems, as well as develop and support interfaces between the various agencies serving the Child Welfare and Adult Protective Services programs.
 - An Advanced Planning Document for the new system was approved by the federal Administration for Children and Families, Health and Human Services.
 - With this approval, planning costs can now be matched with a 50 percent federal share.
 - Upon the selection of a vendor and contract approval, the new system will be developed in FY 2021.

Priorities & Issues

Child Support Study

- After almost 20 years of privatization, Child Support Services engaged Midwest Evaluation and Research, LLC, to assess the Kansas Title IV-D Child Support Enforcement Program.
 - The assessment started in November 2019; the expected completion date is June 2020.
 - The assessment will examine:
 - Aspects of the program that are performing well
 - Areas needing improvement
 - Meaningful metrics for both program operations and stakeholder/consumer interaction with the program

Priorities & Issues

TANF Requests for Proposals

- In line with the agency's renewed commitment to transparency, FY 2021 TANF grants will be awarded through competitive bids.
- In 2019, grants were awarded Kansas-based organizations through requests for proposals for domestic violence and sexual assault services as well as Kansas Early Head Start programs.
- In early 2020, the agency will release the RFPs for Youth and Family Stability Programs and Early Childhood Home Visitation Programs.

Status of Additions by 2019 Legislature
