

# DEPARTMENT FOR CHILDREN & FAMILIES OVERVIEW

SWAM HUMAN SERVICES SUBCOMMITTEE SECRETARY LAURA HOWARD | 2.8.23

## **DCF Mission Statement**

#### TO PROTECT CHILDREN, STRENGTHEN FAMILIES, AND PROMOTE ADULT SELF-SUFFICIENCY.

2

# Organization

#### DCF Major Programs

- Programs collaborate for family and individual outcome achievement
- Programs are supported by core operations.
- Program and practice are carried out by teams in 36 service centers across 6 Regional Offices

Economic & Employment Services

DCF Central Administration & Operations Regional Offices

Child Support Services

Prevention

and Protection

(Child &

Family

Wellbeing

System)

Rehabilitation Services

# **Economic and Employment Services**

Economic and Employment Services (EES) provides a variety of programs that can help families achieve self-sufficiency. These include:

- cash assistance (Temporary Assistance for Needy Families)
- food assistance (Supplemental Nutrition Assistance Program)
- child care assistance
- employment assistance
- utility assistance

DCF Customer Service Phone: 1-888-369-4777 Kansas Benefits Card Support Phone: 1-800-831-5235

## **Prevention and Protection Services**

Prevention and Protection Services helps families and vulnerable adults by providing:

- protection services (PRC and investigations)
- family-based assessments
- family support services
- family preservation
- Families First Prevention Services
- foster care
- adoption services
- independent living services for older youth
- foster home licensing

Kansas Protection Report Center Phone: 1-800-922-5330

# **Rehabilitation Services**

Rehabilitation Services offers a variety of programs to meet the diverse needs of Kansans with disabilities, including:

- vocational services
- independent living
- services for older Kansans who are blind or visually impaired
- disability determination services on behalf of the Social Security Administration

Rehabilitation Customer Service Center Phone: 1-866-213-9079

# **Child Support Services**

Child Support Services helps children receive the financial support necessary for their growth and development. The program assists by:

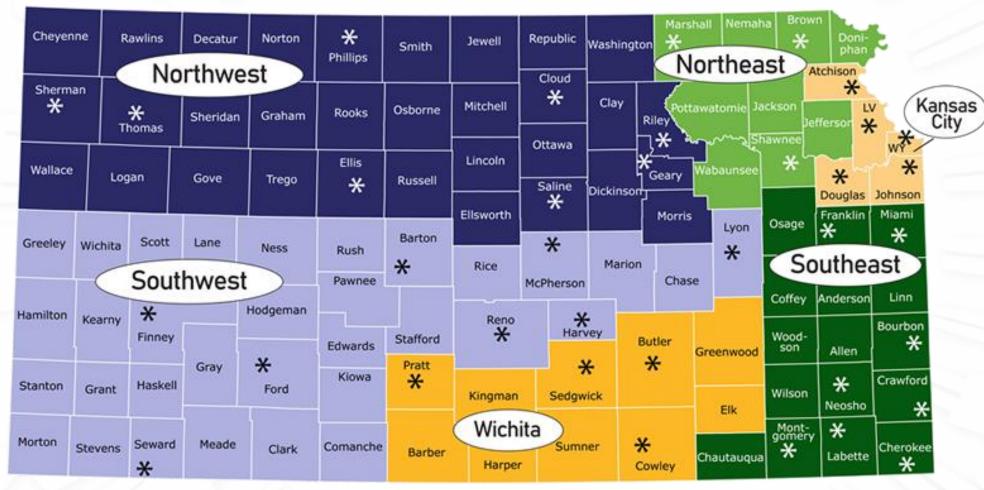

- establishing parentage and orders for child support
- locating non-custodial parents
- enforcing child support orders
- modifying support orders, as needed

Child Support Service Center Phone: 1-888-757-2445

# **Regional Offices**

6 Regions and 36 Service Centers

\* DCF Service Center

### ARPA State & Local Fiscal Recovery Funding Kan

Kansas Department for Children and Families

- DCF will be administering \$18 million in funds approved through the SPARK process for Health and Education, specifically focused on a Community Resource Capacity Program. These grants will enhance the availability and accessibility of health, education, and early childhood resources through improvement and expansion projects. A competitive RFP is being drafted and this funding will be awarded early spring.
- DCF applied for SPARK Efficiency and Modernization Funding through the Department of Administration. This \$500,000 award will provide contracted consultation and training services to the Economic and Employment Services (EES) Division. The contract will focus on strategies to reducing application backlog, improve business process, and implement changes. Training will be provided for all levels of staff.

## **Reappropriations to FY 2023**

DCF carried over \$14.6 million State General Funds from FY 2022 to FY 2023. The use of these dollars follows:

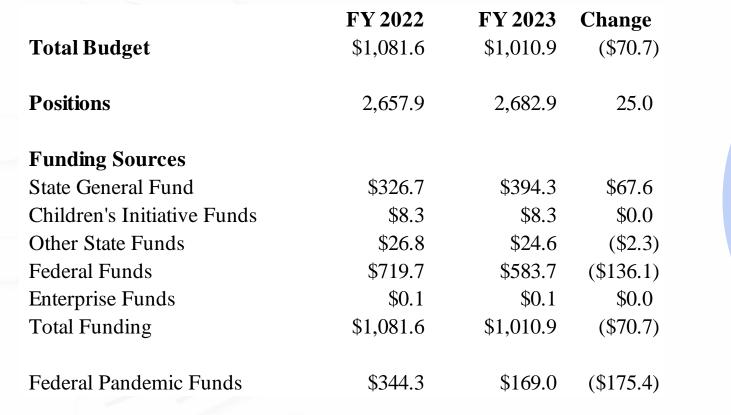

3,806,878

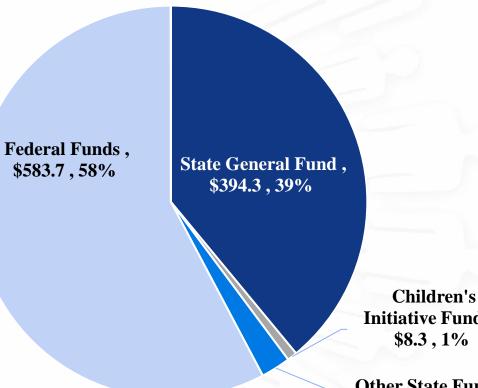

ITS Costs		Other Costs	
CCWIS development costs	\$4,594,280	Digitizing clients records	\$860,000
KEES system change requests	1,000,000	Assist in meeting the Fostering Connections Act MOE	750,000

Subtotal	\$7,100,000	\$7,400,000
Total	\$17,644,132	\$14,820,590

### FY 2024 Enhancements

**DCF Received 6 Budget Enhancements** 

Enhancement	Total	SGF
Increase Relative Placement Rates for Foster Care	5,132,556	5,132,556
Rate Increase for Vocational Rehabilitation Services	1,094,891	233,212
Increase for Centers for Independent Living	216,783	216,783
Expand the WeKanDrive Program for Independent Living Youth	250,000	250,000
Increase Independent Living Subsidy	417,109	417,109
Additional SGF for CCDF Match	3,732,793	1,470,930
Total	10,844,132	7,720,590

The GBR included a 5.0% COLA for all state employees and market rate salary adjustments. These proposals are included in the Governor's pay plan and are not included in individual agency budgets.

#### **Increase Relative Placement Rates for Foster Care**

Category	All Funds	SGF
Assistance	\$5,132,556	\$5,132,556

#### Purpose

Enable more relatives and non-related kin to be a placement resource for children removed from their homes.

- Relative and non-related kin placements currently receive daily rates that are 46%-68% of the licensed foster home rates, depending on the placement level.
- The enhancement would encourage more relative and non-related kin placements by increasing their payments to 70% of the licensed foster home rates.
- Relatives could receive the full rate by becoming licensed.
- Placements with relatives and non-related kin result in greater placement stability, fewer behavior and developmental problems, and less trauma than other placement types.

#### Rate Increase for Vocational Rehabilitation Services

Category	All Funds	SGF
Assistance	\$1,094,891	\$233,212

#### Purpose

Assure sufficient providers and vendors to provide the services necessary to meet clients' needs.

- Inflation and cost of living increases have made it difficult for VR vendors to continue to maintain staffing and provide services.
- The enhancement would sustain vocational rehabilitation services by increasing rates to providers and vendors by 10%.
- Rates have not been increased for several years.

Increase for Centers for Independent Living and Community Organizations Providing Services to Older Individuals who are Blind

Category	All Funds	SGF
Assistance	\$216,783	\$216,783

#### Purpose

Sustain the level of service provided by centers for independent living and community organizations that provide services to older individuals who are blind.

- Neither centers for independent living nor organizations for older individuals who are blind have received an increase in 8 years.
- The enhancement would increase reimbursement rates by 10% to accommodate cost of living increases.

#### Expand the WeKanDrive Program for Independent Living Youth

Category	All Funds	SGF
Assistance	\$250,000	\$250,000

#### Purpose

Support youth transitioning from foster care into adulthood by assisting with transportation needs.

- The WeKanDrive program supports older youth in foster care and young adults receiving Independent Living services with driver's education, obtaining a driver's license, and assists with car insurance. These are opportunities not often afforded to youth who have experienced out of home placement in the custody of the Kansas Department for Children and Families (DCF), the Kansas Department of Corrections Juvenile Services, or Tribal Authority.
- The \$250,000 enhancement would increase the base funding for this program from \$250,000 to \$500,000.
- The program currently operates in the DCF East Region. The enhancement would allow the program to expand to the Wichita Region.
- Completing driver's education and obtaining adequate licensure and insurance coverage increases a young person's employment and education opportunities while lessening future system dependence while increasing public safety.

#### Increase Independent Living Subsidy

Category	All Funds	SGF
Assistance	\$417,109	\$417,109

Increase the potential for youth exiting foster care to become self-sufficient.

- Youth aging out of foster care and transitioning to adult independence face many challenges and are at a higher risk of homelessness, incarceration, and unemployment.
- Providing critical assistance during this transition can assist youth in realizing a more productive, independent lifestyle.
- The maximum subsidy would be increased from \$700 to \$1,077 per month (100% of the poverty level).
- Not every youth receives the maximum. The actual subsidy paid is the difference between the youth's living expenses and other income such as wages and other assistance.

#### Additional SGF to Match Federal Child Care Funds

Category	All Funds	SGF
Assistance	\$3,732,793	\$1,470,930

#### Purpose

Maximize federal child care funds by adding SGF to draw all available federal Child Care funds.

- Assist low-income families as they navigate education and employment opportunities by expanding child care access.
- Currently DCF has enough state funds to draw \$13.6 million of the \$15.8 million in available federal Child Care Matching funds. The \$1,470,930 SGF in the enhancement will allow an additional \$2.3 million in federal child care funds to be drawn,
- The match requirement is 39.41% state funds / 60.59% federal funds.
- This assures DCF has the state funds in the base budget to fully draw all the federal child care funds as the pandemic funding ends.
- The following uses of the enhancement are being considered. Each of these would use the enhancement in concert with current child care funds.
  - Increasing subsidy rates paid to providers to cover actual costs to provide care.
  - Paying differential rates such as providing care during non-traditional hours, to children with special needs, etc.
  - Increasing access to families by removing the 250% FPL requirement and replacing with 85% of the State Median Income which will allow more families to qualify for subsidy.
  - Reducing the family share from 3% to 1% which will decrease the amount paid out of pocket by families.

### Success Stories Foster Care Entries and Exits

Children entering FC continues to trend down. In the last 3 years, more children have left custody than entered

#### Children Entering & Exiting Foster Care Across Years

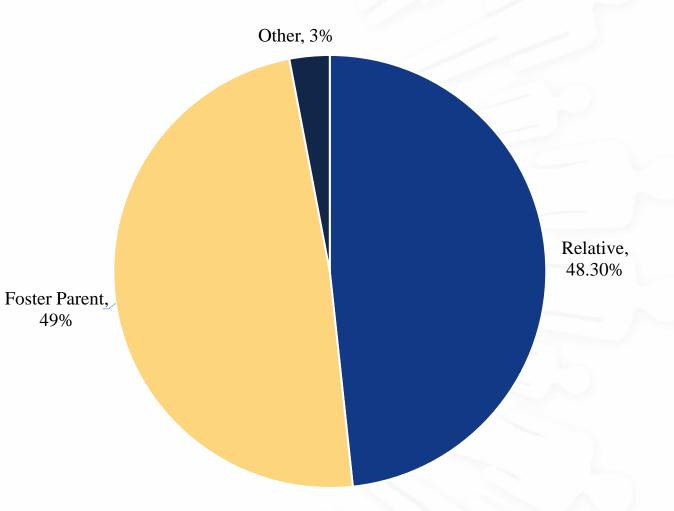

### Success Stories Finalized Adoptions

Adoptions increased in SFY2019 averaging just over 1,000 annually the past 4 years.

- The average age of a child at the time of the finalized adoption is 7 years with two-thirds of children adopted age 8 or younger (65%).
- The average length of time in care is 39 months and over half of children (59%) are adopted as part of a sibling group.

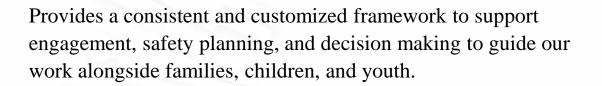

In SFY 22, nearly all 948 adoptions were finalized with a relative or foster parent and 48.7 % were with a foster family and 48.3% were with a relative.

Adoptive Parent Relationship, SFY 2022

#### Success Stories Kansas Practice Model

- Foundation of the Kansas Practice Model:
  - Team Decision Making
  - Family Finding
  - Signs of Safety
  - Structured Decision Making
  - o-Solution Focused Questions
  - Resolutions Approach

- As a result of this work, we are seeing a dramatic drop in the need for foster care:
  - The state currently has 6,248 youth and children in care, down from 7,600 at the beginning of the Kelly administration.
  - In FY 2020, there were 15 percent fewer children entering foster care than in FY 2019.
  - In FY 2021, there were 11 percent fewer than in FY 2020.
  - In FY 2022, there were 2 percent fewer than in FY 2021.

#### Maximus Human Services Inc. Full-Service Contractors Child Support Services Kansas Department for YoungWilliams Children & Families Administration Office Kansas Payment Center (processes IV-D & non-IV-D payments)

#### Success Stories Child Support Contractors

- In Fall 2021 Kansas moved to two full-service contractors and eliminated a separate client contact center in an effort to simplify IV-D services for Kansans.
- All payments and disbursements continue to go through the Kansas Payment Center (KPC).

Kansas Department for Children and Families

#### Success Stories DCF Work Programs

**TANF Employment Services.** TANF cash assistance adults who are required to engage in work programs must participate 20-30 hours per week in order to continue receiving assistance. There were a total of 2,848 new employments from July 2021 – June 2022 **Generating Opportunities to Attain Lifelong Success (GOALS)**. Goals is a voluntary program for adults in families who are receiving food assistance but not TANF cash assistance. The program piloted in 2016 - 2018 and was implemented statewide in 2019.

**Food Assistance Employment & Training (FAE&T)** or SNAP E&T. Able bodied adults without dependents are required to work with FAE&T to meet employment goals and continue to receive SNAP. There were a total of 353 new employments from 1/1/2022 to 8/31/2022.

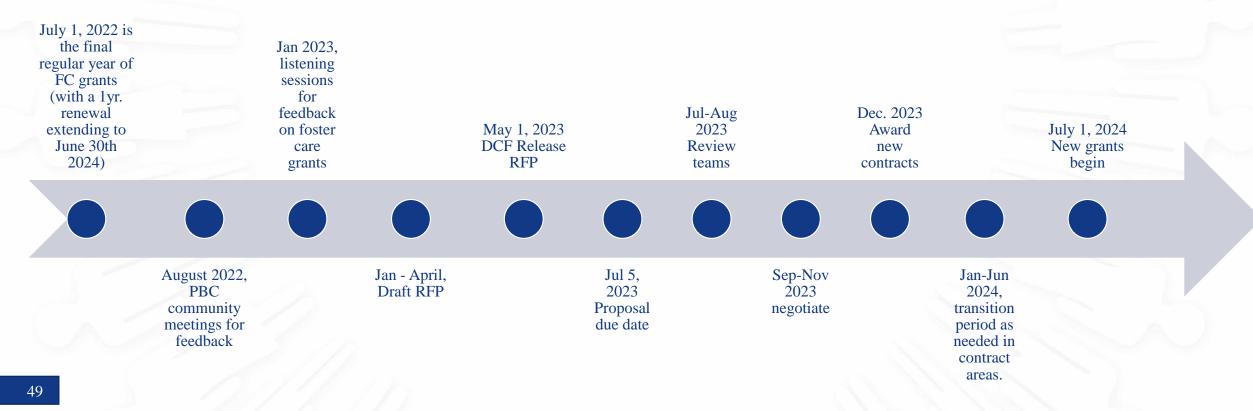

**Vocational Rehabilitation (VR).** Available to individuals with a physical or mental impairment that results in a substantial impediment to employment and who require and can benefit from VR services to achieve employment. The program assists clients in finding competitive integrated employment and achieving self-sufficiency. In SFY 2022 1,113 achieved competitive employment.

**Pre-Employment Transition Services (Pre-ETS).** Empowers youth with disabilities to achieve their highest employment potential through job exploration, counseling on postsecondary education options, self advocacy training, and work-related learning experience.

### Status Update Foster Care Grantee Re-Bid Process

- DCF engaged in listening sessions for input into service components, quality assurance and other grant requirements
- We are currently writing the RFP
- RFP planned release is May 2023 with award in Dec. 2023 for new grant start date of July 1, 2024.

### Status Update Able Bodied Adults Without Dependents

Per 2022 Sen. Sub. For H.B. 2448, all Able Bodied Adults without Dependents on the SNAP program must participate in SNAP Employment & Training as a condition of receiving food assistance if:

- The ABAWD client is aged 18–49; and
- The ABAWD client is not employed at least 30 hours a week.

The program went live on October 1<sup>st</sup>, 2022, after the USDA approved the State's plan. DCF has 15 career navigators for implementation and is collaborating with 5 community organizations for the program.

### Status Update Termination of the Public Health Emergency

The Public Health Emergency is scheduled to end March 2023. As federal pandemic funding ends, some ramifications follow:

- The final enhanced SNAP benefits will be issued March 2023. The average benefit per person is estimated to decrease by 49%, from \$248 per month to \$126 per month.
- SNAP supplemental (Pandemic EBT) payments, which were provided because of school and child care closures, will fall by \$271 and \$184 per child, respectively. These are annual benefits,
- During the pandemic, the rule limiting Able Bodied Adults without Dependents (ABAWDs) to three months of SNAP benefits within a three-year period, unless the adult met work requirements, was suspended. Once the rule is reinstated, the caseload is expected to ultimately decrease 25%, from approximately 12,900 to 8,300.
- The average LIEAP (energy assistance) benefit per household is estimated to decrease as follows: \$2,365 in FY 2022, \$1,071 in FY 2023, and \$604 in FY 2024. These are annual benefits,
- The pandemic Water Program will end. As of December 2022, assistance was provided to 3,038 households with an average benefit of \$537.
- Conversely, while a pandemic child care expansion serving essential workers will end, approximately 700 families can continue receiving child care assistance due to available federal child care funds.
- We are currently reviewing all programs and operations to determine other impacts to the Agency and children and families in Kansas.

#### **Comprehensive Child Welfare Information System**

- The new Comprehensive Child Welfare Information System (CCWIS) will modernize state child welfare systems and develop interfaces between the various agencies serving the Child Welfare and Adult Protectives Services programs.
- Currently, DCF operates several legacy systems of varying ages and capabilities supporting child welfare programs. Major components of the existing systems use aging mainframe technology, unsupported operating systems, and obsolete programming languages. This makes the present systems difficult and costly to maintain, modify, or improve.
- Funding was added by the Legislature for FY 2021 to FY 2023 for the planning and design phase with the understanding that an estimated \$100 million would be needed for the development phase lasting 3 to 4 years.
- High Level Plan has been finalized by the Department of Administration for RFP issue.
- Having secured federal approvals, DCF plans to issue an RFP in the next few weeks.
- Following the responses from vendors, we plan to either request a Governor's Budget Amendment or a supplemental in the next budget submission.
- There is approximately \$13.2 million in reappropriated funds and base budget funding in FY 2023 to start the work.

#### Comprehensive Child Welfare Information System (continued)

Kansas Department for Children and Families

There are 3 separate RFPs:

Design, Development and Integration RFP

Seeks bidders who will lead the CCWIS effort alongside State resources to design, develop and implement the CCWIS system

Quality Analysis RFP

 Seeks bidders who will provide quality analysis services of project deliverable from the DDI vendor, such as the validation of system functionality delivered compared to the system requirements provided by the State

Independent Verification and Validation RFP

Seeks bidders providing services for Independent Verification and Validation on the project. The IV&V vendor will review
overall project performance such as adherence to project schedule and scope and provide analysis and feedback based on
regularly scheduled interviews with Project team members, leaders and vendors

#### Status Update HOPE Ranch Funding

Category	All Funds	SGF
Grants	(\$300,000)	(\$300,000)

- The 2021 Legislature appropriated \$300,000 in FY 2022 for a pilot program to support the HOPE Ranch effort to counter the effects of adult human trafficking.
- The pilot continued in FY 2023 with an additional \$300,000 grant.
- Following the two-year pilot, the Governor's budget removes the \$300,000 from DCF's budget and recommends that funding for human trafficking of adults be placed in a more appropriate agency, subject to the state bid process.

#### FY 2023 Enhancement – Expansion in Families First Prevention Services

Category	All Funds	SGF
Grants	\$8,377,031 \$4,8	77,031

Expanded the Families First Prevention Program by approximately 50% to provide services that keep families intact and safely reducing the need for foster care. Included adding \$1,377,031 SGF to replace federal matching funds for current grants that do not meet federal evidence based-requirements.

- FY 2023: Multi-systemic therapy, functional family therapy, and family centered treatment were expanded to accept more referrals.
- FY 2024:
  - The \$19.3 million Families First grants were rebid, using a combination of base and enhancement funds.
  - The 15 successful providers will have until FY 2024 to gear up for services.
  - Mental health, parent skill building, and kinship navigation services will be available statewide.
  - Substance use disorder services will be available in 41 counties.
  - Other primary prevention services will be available in nine counties.
  - Kansas University has a contract to evaluate the program.
- A chief measure of the program's success is the percent of children remaining at home after 12 months of referral. Initial data shows that overall, 89% of children and youth who have reached 12 months from the time of referral have remained at home. The program goal is 90%. The rates for two categories, kinship navigation and mental health, were 100% and 90%, respectively.

#### FY 2023 Enhancement – Workforce Retention and Recruitment Efforts for CPA's and Residential Placement Providers

Category	All Funds	SGF
Grants	\$7,500,000	\$7,500,000

Allowed all child placing agencies and residential placement providers to award a \$2,000 retention bonus to staff. It also provided funding for advertising, training, and other retention and recruitment efforts during the year.

- \$1.9 million was paid out at the beginning of FY 2023 to allow all child placing agencies (CPA) and residential providers to pay a \$2,000 retention bonus to all program staff.
- The remaining \$5.6 million is being paid out quarterly with the first advance payment made at the beginning of FY 2023.
- The following quarterly payments are being made as the grantee spends the advance and files expenditure reports for the next quarterly advance.
- CPAs that are also case management providers (CMP) are allowed to utilize the funds in the CMPs.
- Grantees that don't spend their full allocation in FY 2023 will have their grant extended into the first half of FY 2024 to complete the efforts.

#### FY 2023 Enhancement – Kansas Management Information System (KMIS) Replacement for Vocational Rehabilitation Services

Category	All Funds	SGF
Other Operating Expenses	\$3,500,000	\$745,500

Funding for the replacement of the KMIS system which uses an obsolete programming language and is hosted on the state's mainframe system.

- The planning phase is in progress.
- Request for proposals are expected to be issued in the third quarter of FY 2023.
- The development phase is anticipated to start in the first quarter of FY 2024.

#### FY 2023 Enhancement – Independent Living Subsidy for Foster Care

Category	All Funds	SGF
Assistance	\$756,000	\$756,000

Federal pandemic funding increased the \$350 maximum monthly benefit to \$700 for former foster care youth in the Independent Living Program. The 2022 Legislature funded the increase with SGF making it permanent in future years when pandemic funds ended.

#### Status

 Because the \$700 maximum is still below many of the youth's basic living expenses, the maximum benefit was increased to \$1,077 in the current Governors Budget for FY 2024.

#### FY 2023 Enhancement – Kansas Commission for the Deaf and Hard of Hearing Communication Access

	All Funds	SGF
Salaries & OOE	\$79,000	\$79,000

Funded one position and operating expenses to provide other state agencies with services for the hard of hearing.

- A Program Service Executive II positions has been hired.
- Access gaps will be identified and meetings with other agencies are underway.

# FY 2023 Enhancement – Capital Improvements to the Topeka Service Center

Category	All Funds	SGF
Capital Improvements	\$450,000	\$0

Since this is a state-owned building, renovations are part of the capital improvement budget. Funding to renovate the 1st floor lobby and interview rooms was added.

#### Status

The updated lobby plans include elements to improve customer service and safety enhancements for both clients and DCF staff. A contract has been awarded and the project is underway. The building improvements are scheduled to be completed by the end of March 2023.

# Status Update Other Budget Increases Implemented in FY 2023

FY 2023 Enhancement	All Funds	SGF
<b>Protection Specialist Salary Increase</b> Brings protection specialist and supervisors' pay closer to market rates. Increased protection services salaries up to 12.5 percent, not to exceed the market rate. Minimum 2.5% increase.	\$3,680,154	\$3,587,316
5% Salary Increase Governor's statewide salary increase	\$5,488,300	\$3,169,439
Amazon Connect Virtual Contact Center Allowed the agency to continue with the current virtual call center in future years.	\$1,850,000	\$929,625
Safe Families Expansion Expanded the Safe Families program in the KC & Wichita Metro Areas and into SE Kansas. This bring the total grant to \$796,240.	\$500,000	\$500,000
<b>Increase FosterAdopt Connect Funding</b> Funded behavioral intervention services for children with behavioral and emotional issues.	\$500,000	\$500,000
